Our Values

Our Services

1

CONSULTATION:

We offer consultation services to help clients choose the best house designs that meet their needs and preferences. Our team of experts will guide clients through the entire process, from selecting the ideal design ideas to the final stages of construction.

2

ARCHITECTURAL DESIGN

We work closely with clients to develop detailed plans and designs for their homes. We use the latest technology to create 3D models that provide clients with a realistic view of their homes before construction begins.

3

CONSTRUCTION

Our team of professionals will handle all aspects of construction, including excavation, foundation, framing, roofing, plumbing, electrical, and finishing. We use high-quality materials and modern construction techniques to ensure that all projects meet or exceed industry standards.

Our Process

CONSULTATION

We meet with the client to discuss their needs and preferences and to provide an estimate of the cost of the project.

PLANNING AND DESIGN

We work with the client to develop detailed plans and designs for their homes.

CONSTRUCTION

We handle all aspects of construction, including excavation, foundation, framing, roofing, plumbing, electrical, and finishing.

PROJECT MANAGEMENT

We assign a project manager to oversee every project we undertake.

COMPANY PROFILE

Commitment

Building a house is a significant investment, and we understand the importance of delivering quality and durable projects. At Hormigon Construction Company, we are committed to providing our clients with the best house construction services that meet their unique needs and preferences. We believe that every house we build is not just a structure, but it is a home where memories will be made and cherished. Contact us today to discuss your project needs, and let us help you build your dream home.
